GUIDELINES

We've laid out our fulfillment, payment, shipping, returns, and online-ordering details below so you know exactly how we keep holiday operations humming at Peak Seasons Veldsma & Sons.

Fulfillment by Location

Each part number has an icon identifying our three shipping centers that will ship it and at which the item is warehoused. Drop-ship icons indicate the warehousing location for an item. For the lowest freight expense and shortest transit, select the nearest icon:

CA FOB Riverside, CA

WI FOB Wautoma, WI

GA FOB Stockbridge, GA

Payment Options

We accept Visa, MasterCard, Discover, and American Express. All charges will be reflected on your account as "Peak Seasons." Cash, checks and money orders should arrive in advance of shipment. Any dishonored and returned check will accrue a \$30 processing fee.

*****A 3% service charge is added to all credit card payments.*****

Shipping Information

We use UPS, FedEx, Spee Dee Delivery or LTL freight line for shipping. Next-Day and Second-Day shipping is available for in-stocks. Handling and freight charges will be included on your invoice. Most orders ship in 24 hours.

Seasonal Return Policy

Only defective products may be returned. All other products are seasonal and may not be returned.

Online Ordering

Go online at www.peakseasons.store for live stock, 24/7 ordering, and your order history. You'll get instant confirmation and tracking information via email. No discounts will be applied to online orders.

Thank You!

We see the dedication you put into your business, and when you order, you're a neighbor, not a number. Thank you for trusting Peak Seasons Veldsma & Sons to help your business and family thrive!

Glitter is a great way to add some sparkle to your flocked tree. Just sprinkle glitter onto the flocked tree while it is still wet. Add as much or as little as you'd like!

Can be used for other creative projects as well.

Opalina Flakes

Every flocked tree should have these iridescent flakes to transform light into dancing magic. Gives your tree a look of fresh fallen snow in the light! Can be mixed into dry flock and applied to the tree or sprinkled on your flocked tree while it is still wet.

NATURAL TREE COLORANT

Kirk Natural Tree Colorants

Keep your trees looking green, healthy, and fresh throughout the Christmas selling season. Perfect color enhancing products backed by years of devoted research and development. Single applications deliver uniform coloring which produces a believable, natural color that won't wash off or fade from weather or sun light once it is dry. Non-toxic, environmentally safe, and contains no heavy metals or mercury. 1 gallon of paint diluted with about 30 gallons of water will cover approximately 65 trees. Use less water if trees have already begun to yellow.

Evergreen™ Commercial Flame Retardant

MOST STATES REQUIRE CHRISTMAS TREES PLACED IN PUBLIC BUILDINGS TO BE FLAME PROOFED

Tested and approved to meet nationally recognized tests for Christmas tree flame-proofing. Check with your local Fire Marshal for regulations.

For interior use only and is easy to use – no mixing required. Helps retard flame and is non-toxic, non-carcinogenic and biodegradable.

PRO STANDS

What a time saver! Display Christmas trees with the high quality, uniquely designed, Pro Tree Stand.

In minutes you can give your trees additional weeks of beauty and longevity because of the large water capacity. In just seconds your tree can easily be straightened for a perfect presentation.

Made of all steel and forest green powder coated construction. There are no sharp edges on the base to gouge floors or snag carpets. Has equal 360° weight distribution for maximum stability. Made in the USA.

The Perfect Tree Stand... as simple as 1,2,3.

1. Place stand on tree with the small vertical wedge near center of tree trunk. Hammer in to secure.
2. Start the side screw by tapping/hammering it in and turn the hand crank till flush with tree,
3. To straighten the tree: stand on "low" side, step on the base ring and push the tree away from you.

****Bowls sold separately**

CINCO STANDS

CINCO® Stands Made from virgin, high-impact polypropylene assures durability and reliability with plastic handles and steel end-caps.

With a low, wide, and generous water holding reservoir, they accommodate low branches and keeps the tree fresh. Steel spikes in the center of the reservoir anchor the tree safely, prevents shift, and makes setup a snap. Reinforced holes on the outer edge of the stand allow attachment to plywood if extended stability is needed when used with an extra-large tree. Spill guard prevents over-filling mishaps.

CINCO® Express

Named Express because of the bolt system, Cinco Express stands have push-pull ratchet mechanisms that make setup and take-down easier than ever.

KIRK BALERS

Proven to endure years of use through extreme climates and conditions.

89% of customers expect their purchased Christmas tree to be baled which simplifies customer handling and makes for quick & easy loading.

Secures branches during transport, reducing possible damage. Balers are colored to indicate funnel size, allowing you to quickly identify the size of netting needed. Kirk Balers feature a heavy gauge all steel frame, polyethylene funnel that is durable and lightweight, and a slick finish that minimizes friction allowing trees to slide through quickly and easily. The hinged flap eases the loading of netting.
